Box 11 (continued): Applicant argues with respect to rejections under Ayako in view of Mroz, and smilantly Ushifusa in view of Mroz and Ayako and Mroz in view of Nagata that Mroz teaches a ceramic filler insufficient for the rigors of mechanical processing. This is not found persuasive, as the argued features are not found within the claims. In addition, applicant argues that the range as taught by Mroz is not within the range required by claims. This is not found persuasive. The range as taught by Mroz overlaps with the required range. It would have been obvious to one of ordinary skill in the art to select from the portion of the overlapping range. Overlapping ranges have been held to establish prima facie obviousness
